GOODWOOD REVIVAL

The Goodwood Revival came to life in the autumn of 1998, a dream come true for the Duke of Richmond, whose grandfather – the Ninth Duke of Richmond – had opened the Motor Circuit at Goodwood in 1948.

A magical step back in time, set entirely in period, Goodwood Revival transports guests back to the halcyon days of 1948-1966, when the joys of motorsport allowed the post-war world to kick off its heels and have a jolly good time.

Over the course of the action-packed three day event each September, the world's rarest and most valuable racing cars and bikes battle it out on the track. Legendary drivers and riders from the golden era of motorsport are cheered on by visitors, all immaculately dressed in period clothing and accessories.

TAKE CENTRE STAGE

Each year 150,000 visitors flock through the gates of the historic Goodwood Motor Circuit to enjoy these three days of spine-tingling racetrack action and joyful atmosphere. However, this unique gathering offers a great deal more than beautiful cars and vintage dressing: from aerial displays featuring rare historic aircraft, vintage style, an authentic period high street, music and dancing, and an old-fashioned funfair.

For Revival guests, their experience is not complete without at least a few hours spent 'Over the Road'. An event within an event, Over the Road is a world of eclectic shopping, music and merriment, unique entertainment and fabulous eating and drinking. Not to mention an old-fashioned funfair, and the world's biggest classic car show, the Revival Car Show presented by Smith & Williamson. The fun goes on Over the Road from Thursday late afternoon, throughout each day of the event and well into the evening.

This spectacle must not be missed.

Our exhibitions team can help you to pick, design and build a retail outlet of your own specification in the heart of the event. Please contact our exhibitions team on 01243 755081 for more information.

SUSTAINABILITY

Goodwood Revival is the world's greatest historic race meeting. The event began with the restoration of Goodwood's motor circuit to its original form and is evidence of our long-standing commitment to a culture of care – safeguarding the things we treasure so that they may be shared and bring joy to generation after generation.

From the cherished classic cars to beautifully preserved vintage clothes, Revival is by its very nature a celebration of exceptional craftsmanship and sustainability. At the heart of all the glamour and excitement there is a thoroughly modern ethos: reduce, reuse and recycle.

We continue to make our commitment to this ethos a more evident part of the event, accentuating the message of 'reuse, repair, restore, recycle' as it is woven through not only the spectacular moments attendees see and experience but also all they do not see. Our ethos isn't an answer to a trend; it's what makes Revival possible and it's a mindset we hope visitors will take away with them.

We are encouraging our exhibitors to become more sustainable. Those brands who reuse, restore and upcycle will be given more prominent positions at the event.
